**RESIDENT NOTIFICATION**

**RESIDENT SCHEDULE OF CHARGES LIST REVISED**

**Effective April 1, 2020**

As stated in the Department of Housing and Urban Development (HUD) Federal Regulation 24 CFR§ 966.5 Posting of policies, rules and regulations, schedules of special charges for services, repairs and utilities and rules and regulations which are required to be incorporated in the lease by reference shall be publicly posted in a conspicuous manner in the Development/Central offices and shall be furnished to applicants and tenants upon request. This regulation further provides that such schedules, rules and regulations may be modified from time to time by the Public Housing Authority (PHA) provided that the PHA shall give at least a 30-day written notice to each affected tenant setting forth the proposed modification, the reasons therefore, and providing the tenant an opportunity to present written comments which shall be taken into consideration by the PHA prior to the proposed modification becoming effective.

24 Code of Federal Regulations § 966.4(b) (2) PHA charges provides in relevant part that the lease shall provide for charges to the tenant for maintenance and repair beyond normal wear and tear and for consumption of excess utilities. This regulation further provides that the lease shall state the basis for the determination of such charges (e.g., by a posted schedule of charges for repair). Additionally, 24 CFR § 966.4) (f)(10) obligates the tenant to pay reasonable charges (other than for normal wear and tear) for the repair of damages to the dwelling unit, or to the development (including damages to development buildings, facilities or common areas) caused by the tenant, a member of the household or a guest.

Due to HUD's budget decreases for the overall operating expenses of Public Housing programs and the most recent HUD mandate for PHA's to operate under Asset Management, the agency is now forced to look at all expenses. Under Asset Management each site must operate independently and within its individual site budget based on calculations

determined by HUD. It is not the intent of the Housing Authority of the County of Merced (Authority) to increase resident charges to make money, only to be able to recover cost.

The *Proposed Resident Schedule of Charge List* may also be viewed by visiting the website: [www.merced-pha.com](http://www.merced-pha.com). Click on the "Public Notices" link for viewing.

All Public Housing residents of the Authority have an opportunity to submit written comments no later than **March 9, 2020** to:

Housing Authority of the County of Merced  
Maria Alvarado  
405 U Street  
Merced, CA 95341

Or via email to: [mariaa@merced-pha.com](mailto:mariaa@merced-pha.com)

All written comments will be retained by the Authority and shall be available for inspection by residents.

Sincerely,

A handwritten signature in cursive script, appearing to read "Blanca Arrate".

Blanca Arrate  
Director of Housing Programs

**RESIDENT SCHEDULE OF CHARGES LIST**

**Effective April 1, 2020**

The Resident Schedule of Charges is used to assess cost of repairs and/or replacement of Authority property where there is abuse, neglect and/or damages caused by the resident(s) or their guests.

The Resident Schedule of Charges is not all inclusive. Residents will be charged for the cost of materials plus labor for items not listed on the Resident Schedule of Charges that require repair and/or replacement of Authority property where there is abuse, neglect, and/or damages caused by residents or their guests.

**MATERIALS AND/OR PARTS COST**

The cost of materials and/or parts will be charged to residents at actual cost. The Authority will continue getting price quotes from vendors for materials and parts that will enable the Authority purchase in quantities that reflect the best and lowest cost available. Material prices will be posted annually at each site Development/Central office.

**LABOR COSTS**

Labor costs have been determined by averaging the Authority's overall maintenance costs for each job classification. The following is the job classification and the hourly rate that will be charged in increments of not less than 30 minutes.

**Job Classification:**

**Hourly Rate:**

Maintenance Worker

\$35.00

**Proposed Tenant Charge List / Inventory: Cost Break-Down / For "Board Approval 2020"**  
 Note: Prices current as of 12-27-2019
